

In the claims:

1. (Previously Amended) An oil-in-water emulsion formulation, comprising:
 - a) one or more insecticides
 - b) one or more solvents selected from the group consisting of esters of aliphatic monocarboxylic acids, esters of aliphatic dicarboxylic acids, esters of aromatic monocarboxylic acids, esters of aromatic dicarboxylic acids and tri-n-alkylphosphates;
 - c) an emulsifier system comprising one or more anionic surfactants and two or more non ionic surfactants, one of which has a hydrophile-lipophile balance (HLB) value between 4 and 12 and one of which has a HLB value between 12 and 20;
 - d) one or more film forming agents and/or thickeners; and
 - e) water.
2. (Original) The formulation as claimed in claim 1, wherein the insecticide is a pyrethroid.
3. (Original) The formulation as claimed in claim 2, wherein the pyrethroid is deltamethrin.
4. (Previously Amended) The formulation as claimed in claim 1, further comprising a polar cosolvent.
5. (Previously Amended) The formulation as claimed in claim 1, further comprising additives and/or auxiliaries selected from the group consisting of, antifreeze agents,

stabilizing agents, antifoamers, defoamers, preservatives, coloring agents and odor masking products.

6. (Previously Amended) The formulation as claimed in claim 1, comprising 0.05 to 200 g/l of the one or more insecticides.

7. (Cancelled)

8. (Cancelled)

9. (Cancelled)

10. (Cancelled)

11. (Cancelled)

12. (Cancelled)

13. (Previously added) The formulation as claimed in claim 1, comprising 0.1 to 50 g/l of the one or more insecticides.

14. (Previously added) The formulation as claimed in claim 1, comprising 1 to 25 g/l of the one or more insecticides.
